

Diluyente 2K Lento T430

Diluyente 2K Lento is a thinner based on a mixture of organic solvents and selected esters to allow good solubility of all “auto acrylic root” products with a slow evaporation rate, especially suitable for applications with temperatures higher than 28°C, or complete vehicle paints. For more information on typical or ideal levels of use and for more precise details, please refer to our technical data sheets for the basing products.
